

BENEFITS AND IMPACTS OF S/4HANA TRANSITION

How THE HOPPS GROUP convinced its Executive Management with the help of PERFORMER FOR SAP®

CONTEXT & SPECIFICITIES

- The acquisition of a logistics subsidiary
- An Information System grown disparate
- Different levels of maturity
- A strong SAP TCO

TARGET & CHALLENGES

- Reconnect with sustainable growth
- Build the e-logistics leader
- Expand integrated offerings
- Successful digital transformation

TARGET

EXECUTIVE MANAGEMENT'S UNDERSTANDING OF STAKES AND BENEFITS OF AN SAP S/4HANA MIGRATION: quick analysis based on the presentation of factual elements.

IDENTIFY POTENTIAL AREAS FOR IMPROVEMENT: finance process (accounting closing, payment monitoring, etc.)

EXTENSION OF THE INITIAL SCOPING STUDY (ONE ENTITY) TO THE ENTIRE GROUP

« *Thanks to PERFORMER FOR SAP® we became aware, in a factual way, that S/4HANA was not a migration project but a project that allows the company to rethink its processes to encourage innovation and generate competitive advantage* ».

WHY PERFORMER FOR SAP®?

- Be able to adapt to scope required by customer context
- Provide a quick response
- Conduct a personalized analysis
- Measure maturity of processes
- Evaluate impact of licenses and infrastructures
- Identify the HOPPS Group's ability to go to S/4HANA

RESOLUTION

- The scoping study associated with the use of PERFORMER FOR SAP® made it possible to make a "best in class" comparison of the maturity and efficiency of the HOPPS Group's business processes and "look ahead" in a SAP S/4HANA implementation.
- PERFORMER FOR SAP® has created a stronger alliance between business and IT.

FUTURE PLANS

- Executive Management would like to obtain a new framework study taking into account the impact and benefits of migrating the entire group.

« I really enjoyed working with Inventy as they provide quick answers and strong expertise around S/4HANA. Inventy solutions have even exceeded my expectations by addressing the sensitive subject of S/4HANA licensing. »
